Mr. Brian Lloyd, Coordinator  
District Environmental Commission #4  
c/o Chittenden County Regional  
Planning Commission  
Richmond, Vermont 05477

Dear Brian:

At a meeting on December 16, 1971 the Board voted to reaffirm its decision that the milk reload station project of Mr. & Mrs. Blair will require a permit. Your arguments were very interesting, but the Board didn't buy them.

Sincerely,

ROBERT S. BAECOCK, JR.  
Executive Officer  
Vermont Environmental Board
