Dear Land Use Panel,
I understand you are discussing the violation by Mark and Julie Pernokas in Westmore. They are clearly in violation and need to be punished. A monetary fine won't dent them in any way so I suggest either jail time (I'm quite serious) or mandatory public service.

They clearly think that having money puts them above the law.

If they don't like the law, they can move to change it just like the rest of us.

I feel like they are spitting in our faces.

Every Vermonter has the right to insult their neighbor, but breaking the law goes beyond insult.
